

Open Finance + Advanced Scoring

Everyone scores your salary. Noor scores your whole financial life – and sets the limit on what it sees.

Today

A client only needs to provide a transaction statement – based on it, a loan is issued at the entry limit of AED 1,000.

Noor

As the client connects Open Finance and additional data, Noor sees their transactions across any card – restaurant dinners, taxis, food purchases and more – understands they can afford more and gives them a higher limit.

How the limit grows

Transaction statements

No Open Finance? Upload statements – zero bank dependency

AED 1,000

+ Open Finance

Live read access to every UAE bank, with the user's permission

Higher limit

+ Bureau & social data

Credit bureau report and social media profiles

Maximum limit

Unique advantage: Open Finance + advanced scoring – thin files become creditworthy, bigger tickets are priced lower, and Noor initiates the offer.
